BURST COLLECTION

Art and organic forms are bound together in the creation of Burst, Kirkby Design's playful new upholstery and drapery collection.

With a truly artistic feel, it is decorative in essence, soft to touch and eclectic in style. Old meets new with ikat-inspired patterns and tapestries reminiscent of hand-woven 18th century cloths, which sit alongside contemporary camouflage and joyful digital prints.

Each design, created from the studio's original artwork, is translated with the fine art of intricate textile weaving. Burst combines sophisticated fabrics with an array of textures, from dry, matte heavy frisé yarns and soft natural velvets, to tactile boucles and a pocket-woven wool, each quality transforms and breathes life into the designs,

"The Burst collection is a homage to modern art and 1960s bohemia, reminiscent at times of an artist's studio full of painterly dashes and organic forms. The collection celebrates vintage decorative style whilst combining a modern approach distinctive to the Kirkby Design studio."
