

ELEMENT

RECYCLED CHENILLE PRESS RELEASE

kirkbydesign

ELEMENT is all about understated simplicity. Crafted from 75% recycled cotton from pre-consumer fashion production and 25% recycled polyester, ELEMENT represents a return to basics: soft, durable, and responsibly made, with a quiet yet lasting presence.

A subtle ribbed effect gives the cloth depth of character and a distinctive velvety, indulgent texture. The rich palette of 19 colours is also recycled with no dyes being used in the process. A key selection of neutrals and a curated range of trend-setting colours gives ELEMENT a modern feel.

19 colours / Suitable for upholstery and accessories.
