## MOTION

### Wide-Width Linen

Motion is a wide-width 100% linen for drapery that reflects the movement, colour and simple beauty of its material.

Individual creases and crinkles are created through the stone-washing and tumbling of the linen, giving a dry texture and a soft, supple fluidity. Presented in a considered palette, colour is extensively expressed with earthy, organic hues and soft accessible neutrals of rust and raw materials, shells, sand, stone, sea and sage.

“Versatile for different surroundings, when simply hung Motion sees the light seep through its semi-transparent linen in almost translucent waves, revealing a criss-cross woven structure, which adds intrigue and natural beauty. Alternatively lining the fabric brings the rich colour palette to life, creating solid blocks of colour that are ideal for drapery.”
