TIDE

PRESS RELEASE

## TIDE

### Outdoor Recycled Weaves

Tide is Kirkby Design's first collection of outdoor qualities that are made from 100% recycled solution dyed polyester using GRS certified yarns produced from waste plastic bottles. Taking a product that negatively impacts the outdoors and reinventing it as something positive, approximately 20 x 1.5L bottles are used to produce 1m of fabric.

Three qualities that deliver on style, texture, colour and practicality; a wavy check, irregular stripe and characterful bouclé have an unexpected softness that defies its recycled plastic origins and creates something truly unique. An anti-mould and stain repellent finish ensures each quality meets the highest standards and will add style to many an outdoor setting.

#### FEATURES

- All designs are made from 100% recycled PET polyester yarns produced from waste plastic bottles
- Solution dyed polyester
- Uses GRS certified yarns
- Anti-mould resistant
- Stain repellent finish
- Light fastness of 7/8

## ABOUT KIRKBY DESIGN

Led by Brand Director, Jordan Mould, influential British interiors brand, Kirkby Design, has a contemporary and sometimes playful approach to innovative design and colour. Creating distinctive textiles from its in-house studio in London, Kirkby Design has also pioneered unique collaborations including the successful Underground collection with Transport for London and with the iconic fashion brand, Eley Kishimoto.

Kirkby Design is part of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
