RECYCLED FR WIDE-WIDTH SHEERS PRESS RELEASE

kirkbydesign

VISION FR is a solo collection of sheers comprising three contemporary designs and a coordinating plain, each woven from 100% recycled polyester FR made from waste plastic bottles.

Although woven from recycled materials, the collection has the look and feel of a natural fibre, with a soft handle and subtle texture that gives it the appearance of a fine cotton.

Comprising a classic stripe, diffused ombre, innovative heatmap inspired design and a versatile plain, these sheers bring an airiness to any room, allowing natural light to filter softly through, casting a gentle, diffused glow. Their delicate, texture creates a sense of openness, making spaces feel larger and more inviting while still providing privacy.

ABOUT US

kirkbydesign

Led by Brand Director, Jordan Mould, influential British interiors brand, Kirkby Design, has a contemporary and sometimes playful approach to innovative design and colour. Creating distinctive textiles from its in-house studio in London, Kirkby Design has also pioneered unique collaborations including the successful Underground collection with Transport for London and with the iconic fashion brand, Eley Kishimoto.

Kirkby Design is part of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
