WALLCOVERINGS VOL 2

PRESS RELEASE

WALLCOVERINGS VOL 2

SUSTAINABLE WALLCOVERINGS

Introducing wallcoverings volume 2. A collection of contemporary designs featuring bold, painterly geometrics, contemporary flock, and sophisticated metallics. Wallcoverings Vol 2 sees coordinating designs from the fabric collections translated into bold wallcoverings, as well as two additional designs Fragment and Tear.

SUSTAINABLE NOTES

These wallcoverings are printed on a blended ground of FSC (The Forest Stewardship Council) certified wood pulp and corn fibre. Corn fibre is a sustainable and environmentally friendly choice, as corn is a renewable resource that can be grown and harvested with limited impact on the environment. Additionally, the manufacturing process produces 30% less greenhouse gas than traditional wallpaper materials, such as vinyls and papers containing polyester.
