TEXTURED MODERN EMBROIDERIES

It has long been a central design tenet of Mark Alexander to create textiles that are not simply a decorative layer, but that share a close kinship with the architectural space. The latest drapery and embroidery qualities mirror the innovative spirit and design principles championed by the leaders of modern art, design and architecture, weaving together to form a rich tapestry of modernism.

Mastering the art of subtle sophistication, these fabrics redefine luxury with their exquisite textures and refined designs. Delicate stitch work and distinct linearity add carefully nuanced accents across linen and silk embroideries, enhancing each piece with elegant detail. Alongside the embroideries, a beautiful, raw silk stands alone, embodying the craftsmanship of generations of artisanal expertise.
