TRIMMINGS

Mark Alexander's latest trimming collection offers an unparalleled approach to modern luxury, combining natural linen with the purity of quiet design and subtle texture.

An artful evolution of elegant trimmings, Accent II builds upon the brand's first collection by expanding and reinventing the range into an essential selection of refined trimmings, masterfully crafted from pure European linen. Each piece possesses its own unique appeal, designed to add subtle intrigue to curtains, upholstery and accessories with cords and braids featuring a gentle interplay of colours and intricate weave structures. Presented in a palette of soft neutrals and rich tonal hues, this collection perfectly complements Mark Alexander textiles.
