IKULU

Decorative Weaves

A textural delight, Ikulu boasts sophisticated weaves with an almost luminous tactility that exudes quality and originality.

Ikulu fuses intriguing textures, from bouclé weaves to chunky chenille and knitted ribbon yarns. The collection sees a playful combination of matte and shine and glimpses of unexpected lustre revealed within the threads. Rich ochres with flecks of silver sit with midnight blue and bright copper hues, which are balanced by tonal tinges of calm teals, charcoal, blush and neutral shades.

“A unity of textures, our Ikulu collection offers a usable compilation of must have designs and qualities.”

Emily Mould,
Black Edition Design Director
