NUALA  
*Decorative Weaves*

PRESS RELEASE

# NUALA

## *Decorative Weaves*

Introducing Nuala, an opulent collection with an abundance of texture and tactility. Intricate weaving techniques and cutting-edge printing processes are intelligently brought together through rich velvets and lavish satins. Sophisticated pigments of soft teals, navy blue and deep pinks are harmonized by elegant metallics and natural tones.

The Nuala collection sees structured chevrons melt away as patterns fuse together and lines blur within a velvet landscape, whilst a sea of textured linen spots add intrigue to a lustrous silk satin. Large, velvet polka dots are a charming companion to a backdrop of woven metallic yarns, whilst a delicate foil-printed velvet depicting circles of interlocking lines creates a subtle, playful illusion.

*'Exemplary of Black Edition's experimental approach and guaranteed to catch the eye, elegant designs combine with the most exquisite textures to create a unique decorative collection.'*

**Emily Mould,**  
Black Edition Design Director

# Nuala

Jacquard Velvet

Large, velvet polka dots, carefully spray-dyed by hand, contrast against woven metallic yarns in a sumptuous play of light and shade.

Suitable for upholstery, drapes and accessories

Jacquard Weave

An array of textured linen spots are created using a shrink yarn technique, the yarns are flat when woven but when subjected to heat the yarns contract, resulting in a raised effect, adding intrigue to the silk satin background.

Suitable for drapes and accessories
