A NEW SIDE TO ROMO

Aubin celebrates classical English Design and Bold Pattern

For the first time, Romo explores a more classical aesthetic with Aubin, a vibrant celebration of joyous patterns and colours.

Introducing a new dimension to Romo, the Aubin collection celebrates classic English design and the art of pattern on pattern.

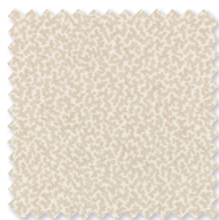

Taking cues from history, Aubin reinterprets timeless motifs and pairs them with a daring palette of bold tones. Influenced by the free-spirited essence of the Bloomsbury Group and the richly layered patterns of Charleston Farmhouse, their historic meeting place, this collection offers seven distinctive designs, unlike anything Romo has created before.

Inspired by the age-old craft of block printing, each design was originally hand carved and hand-printed, cherishing the perfect imperfections that make them unique. Masterfully capturing and cleverly recreating the rich print marks, the designs are full of nuanced, artisanal detail, that are a nod to tradition while offering a fresh, original perspective. Honouring English craftsmanship, the collection is proudly printed in England on a sustainable cotton-linen blend.
