

ROMO

CONTRACT COLLECTIONS
PRESS RELEASE 2018

Romo's signature style and compelling colour palette is epitomized in three new contemporary collections designed for use in hospitality environments, such as Hotels and Restaurants. This new range of high performance fabrics features wide width drapery, practical plains and bold geometrics presented in a versatile palette of soft neutrals, rich jewel-like tones and luxurious metallics.

Designed with the contract sector in mind these Trevira CS fabrics are also highly suitable for domestic interiors.

Showcasing at London Design Week, March 2018 at Design Centre Chelsea Harbour in the newly remodelled Romo Group showroom, the collections will be available globally through an extensive network of distributors.

"We are excited to launch three new decorative collections of fire retardant weaves. Through using Trevira CS yarns we have been able to create three practical collections that offer our renowned style to both the hospitality sector and domestic interiors."
