Press Release

YUVAL ZOMMER

Villa Nova proudly presents Picturebook II, a captivating children's collection created in collaboration with three extraordinary children's illustrators: Frann Preston-Gannon, Christopher Corr, and Yuval Zommer. Comprising fabrics, wallcoverings, trimmings, rugs, and accessories, the new collection embraces the wonder of childhood.

With a distinct style that radiates happiness, Yuval Zommer's illustrations are full of playful energy and a deep appreciation for nature. His vibrant, intricate designs for Picturebook II explore the wonder of the natural world, depicting jungles, gardens, and underwater kingdoms teeming with life.

Yuval Zommer graduated from London's Royal College of Art with an MA in Illustration. After working as a creative director at a leading advertising agency, his passion for picture books triumphed; he is now the author and illustrator of several highly acclaimed children's books.

Coral Kingdom

Dive into the mysteries of the deep, where vibrant marine life flourishes in a mesmerising underwater kingdom. The lush coral reef teems with schools of colourful fish, graceful sea creatures, swooping stingrays and big friendly whales.

How does your Garden Grow?

Celebrate the simple joys of gardening and the magic of watching nature thrive. Sunny sunflowers reach for the sky, while a lively strawberry patch bursts with vibrant colours. Busy bees, fluttering butterflies and other buzzing insects bring the garden to life.

Jungle Japes

Deep in the jungle, the air echoes with the calls of exotic birds nestled within lush vines and vibrant blooms. This lively playground is home to curious critters and leaping frogs that play hide and seek in the canopy.
