Prints, Weaves and Embroideries

---

Evoking a serene setting, the Scene collection of prints, weaves and embroideries takes you on a relaxing journey through nature.

Inspired by the rolling hills of the British countryside and nature reserves, the Villa Nova design studio have interpreted and translated their own exceptional photography and detailed sketches of atmospheric scenes and vast landscapes into a comprehensive collection of artistic designs, with a hint of the orient providing further inspiration.

Filled with creative flare, painterly designs offer a restful retreat, whilst stylish embroideries usher in a sense of artistry and intricacy. Presented in a palette that denotes confidence, designs are infused with fresh tones influenced by natural settings, to form a collection that combines organic beauty with modernity.

"With a myriad of inspirations from oriental culture to homegrown landscapes, our talented design team experimented with a variety of artistic techniques to create designs with unique flare."
