THE CITY COLLECTION

Glamorous in palette and revitalising in style, the City collection features 18 ageless designs; the best of Zinc's back catalogue. These fabrics are as relevant today as they were when first conceived and offer a timeless and distinct Zinc Textile style, featuring glam, slick qualities.

City typifies beautifully, the glam, urban spirit that is central to the heart of the original Zinc aesthetic. The collection encompasses a range of exciting and diverse qualities, from foiled and pleated velvets to quirky reflective designs, presented in Zinc's now iconic palette of irresistible metallics.

"Over the last ten years we have developed a reputation for desirable fabrics that exude an unmistakable allure, we are proud to present the City collection, a range that further confirms this reputation"

Justin Marr, Design Director

ABOUT US

Originality and cutting-edge design are at the forefront of the Zinc Textile brand. Starting the journey in 2010, Design Director Justin Marr launched a brand that found inspiration in the heady heights of the 1970s and has remained true to the original aesthetic, while continually pushing the boundaries of design. With new and innovative collections launching each year, Zinc continuously offers versatile fabric and wallcovering ranges with unexpected elements.

Zinc Textile is a division of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
