Genuine Shearling by the metre

Sumptuous texture that adds comfort and warmth, Zinc Textile has created Shorn Sheepskin, genuine sheepskins with straightened wool that are unbelievably soft to the touch and available by the metre. This appealing product is the epitome of luxury, Shorn Sheepskin is made up of soft Australian fleeces expertly dyed and ironed to straighten the fleece before being sewn together and trimmed resulting in a neatly finished continuous roll.

Created by the natural characteristics of the fleece, a variation in texture is a unique charm of Shorn Sheepskin. With a luxurious texture and appearance, Shorn Sheepskin is also incredibly hard-wearing, sustainable and magnificently warming or cooling thanks to the hollow fibres that allow it to breathe naturally. Zinc Textile continue to adapt this niche and usually challenging product into a usable, must-have 'textile' that offers the ultimate luxury for stylish upholstery.

ABOUT ZINC TEXTILE

Originality and cutting-edge design are at the forefront of the Zinc Textile brand. Starting the journey in 2010, Design Director Justin Marr launched a brand that found inspiration in the heady heights of the 1970s and has remained true to the original aesthetic, while continually pushing the boundaries of design. With new and innovative collections launching each year, Zinc continuously offers versatile fabric and wallcovering ranges with unexpected elements.

Zinc Textile is a division of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
