SUPERSTARS

Decorative Weaves & Print

Making the world a brighter place one design at a time, Zinc showmanship is on full display in the Superstars collection.

Named after and inspired by a group of cool misfits, including actors, models and artists that Andy Warhol surrounded himself with in the '60s and '70s, and who he endearingly called his Superstars. The collection is brimming with impactful colour and playful patterns; crewel embroideries, shot velvets, bouclé weaves and metallic prints ride the retro wave of nostalgia, while looking innovatively forward with imaginative designs.

A time when excess was the norm, the heady inspiration of this iconic era is evident in this collection of extravagant fabrics.

ABOUT ZINC TEXTILE

Originality and cutting-edge design are at the forefront of the Zinc Textile brand. Starting the journey in 2010, Design Director Justin Marr launched a brand that found inspiration in the heady heights of the 1970s and has remained true to the original aesthetic, while continually pushing the boundaries of design. With new and innovative collections launching each year, Zinc continuously offers versatile fabric and wallcovering ranges with unexpected elements.

Zinc Textile is a division of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
