VACATION & RIVIERA

Pack your bags, the vacation is booked! Vacation and Riviera are two outdoor fabric collections, full of colour, texture, and playfulness.

Shot at the extraordinary Espai Xavier Corberó in Barcelona, Spain. This architectural masterpiece was created by celebrated Catalan sculptor Xavier Corberó and is composed of nine interconnected buildings, 12 courtyards, and more than 300 archways. A dream world reflecting futuristic and surrealist fantasies. The new fabrics float across furniture, billow in arches and bask in sunlight around the contemporary swimming pool.

Specially designed for outdoor use, all fabrics meet the stringent performance requirements with anti-mould, UV and water and stain resistant finishes, as well as being washable, ensuring longevity and practicality.

Vacation Outdoor

Indoor/Outdoor Performance Weaves, Sheers & Print

Bursting with personality, the Vacation collection features rich velvets, characterful bouclés and fluid sheers, featuring a melting pot of designs from a classic stripe to a statement, lattice fretwork. Zinc's legendary Kuba Cay design has been reimagined as a performance fabric and the ever-popular Falconetto print is now set to add a colourful splash to outdoor settings.

Riviera Outdoor

Indoor/Outdoor Performance Weaves

Looking to the Mediterranean, the Riviera collection of solution-dyed acrylic outdoor performance weaves was influenced by the relaxed living and outdoor lifestyle of the French Riviera. Unconsciously switching on the out-of-office and turning up the holiday mode, simple bouclés, a timeless houndstooth, and a classic stripe ooze the effortless European aesthetic.
