VENTUS

Sheers & Lightweight Weaves

Aptly named Ventus, Latin for wind, this elegant anthology of sheers and lightweight fabrics have a sense of savoir-faire.

An all-encompassing library, Ventus sees metallic highlights, abstract embroidery and fluid patterns dress pure linens and characterful cottons that speak of a quiet luxury that only sheers possess. The perfect solution to diffuse hazy sunlight, the Ventus palette continues the easy breezy feel of a sheer and provides infinite versatility.

ABOUT ZINC TEXTILE

Originality and cutting-edge design are at the forefront of the Zinc Textile brand. Starting the journey in 2010, Design Director Justin Marr launched a brand that found inspiration in the heady heights of the 1970s and has remained true to the original aesthetic, while continually pushing the boundaries of design. With new and innovative collections launching each year, Zinc continuously offers versatile fabric and wallcovering ranges with unexpected elements.

Zinc Textile is a division of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
