## z suede

faux suede

---

The time has come, Zinc's first collection of faux suede, and it does not disappoint.

Buttery to the touch, the super soft nap of this retro inspired fabric is a thing of beauty. With the look and feel of a nubuck, Z Suede has all the appeal and style of a real suede but with the durability and practicality required for demanding environments; it's water-resistant finish and washability being the ultimate hallelujah moments.

Disrupting interiors one shade at a time, Z Suede is offered in an abundant palette of 31 stylish colours.

## about zinc textile

Originality and cutting-edge design are at the forefront of the Zinc Textile brand. Starting the journey in 2010, Head of Brand Justin Marrlaunched a brand that found inspiration in the heady heights of the 1970s and has remained true to the original aesthetic, while continually pushing the boundaries of design. With new and innovative collections launching each year, Zinc continuously offers versatile fabric and wallcovering ranges with unexpected elements.

Zinc Textile is a division of The Romo Group, a family run business in its fifth generation. The range is available worldwide through an extensive network of selected interior designers and retail outlets.

Please contact us for price information, samples and images, we are also happy to arrange interviews and offer expert commentary from our designers.
